Veterinary 3D Heart Murmur Rendering

We Invented Veterinary 3D Heart Murmur Rendering.

Nobody can agree on what grade of heart murmur? Wish you could objectively compare two auscultations side by side instead of just subjectively listening to them over and over again? Now you can classify heart murmurs using objective 3D colorized rendering where you can classify any animal murmur without needing to even listen to them and unparalleled client murmur education.

It's time to surpass human medicine. Visit vetxps.com/vetmurmur for more.
